## PREFACE.

—o—

This volume V includes the Town records from 1850 to 1900, transcribed under direction of committee appointed to re-produce the Records, by Town Meeting vote.

There has also been added a complete copy of the Church Record as far as one has been kept by the earlier Ministers, which covers all data concerning baptisms, marriages, deaths, and communicants, the marriage and death records being brought down to 1881, when the Town and State authorities began to make and preserve such records.

In copying the names from the old church record some were hardly decipherable, and though great care has been exercised, some slight inaccuracies may and do occur in the spelling of a name, or possibly of a date, but it is nearly correct and covers all data of this nature to be found in the original records of this town.

The whole is published at the expense of the Town and by its authority.

County of Suffolk, Town of East-Hampton, ss:

Whereas application has been made in due form of law to Isaac Schellenger, George W. Huntting and Sineas C. M. Talmage, Commissioners of Highways, to wit:

"The petitioners, of the undersigned residents of said town and liable to be assessed for highway labor, respectfully sheweth: That that part of the highway or common land in said town leading from the homestead of Nathaniel Dominy towards Three-Mile Harbor, to a point opposite to the east corner of the land of Nathaniel Baker, has been used as a public highway but has not been sufficiently described and entered of record. That all that part of said highway or common land lying northwardly of a line drawn parallel with the front fences of Isaac Edwards, Paul Fithian, Nathan Miller and Stephen Scherrill to a point nearly opposite, to the barn and yard of said

Stephen Scherill, and thence in a northwardly direction as nearly as may be parallel with the westerly bounds of the land of Phebe Bower and others to a point opposite to the aforesaid east corner of Nathaniel Baker's land and fifteen rods distant from said fences and bounds, has become useless and unnecessary as a public highway and may be discontinued. Your petitioners therefore pray that you will cause the said highway to be ascertained, described and entered of record, so as to be of the width of fifteen rods from the aforesaid bounds, and that you will make an order discontinuing all of said highway lying either side of said fifteen rods in width, as above described, or so much thereof as you shall deem expedient.

"Your petitioners also respectfully set forth: That that part of the Fireplace highway beginning at the above mentioned part nearly opposite the barn of said Stephen Sherill, where it unites with the above highway, and running between the land of said Stephen Sherill and land of said Phebe Bower and others to the cross highway in front of Shem Gardiner's house, has not been sufficiently described and entered of record.

"Your petitioners therefore pray that you will cause the said highway to be ascertained, described and entered of record, so as to be not less than four rods in width in any place from the fences which encloses the land of said Stephen Sherill."

Now, therefore, we, the undersigned, commissioners of highways of said town of East-Hampton, all of said commissioners have met and deliberated on the subject of this order and examined the premises and facts in the case,

Do Order, that said highways be ascertained, described and entered of record in the clerk's office of said town according to a survey which has been made under our direction, as follows, viz:

The center of said highway to Three-Mile Harbor beginning at a point (marked A on the map), said point A bears from east corner of Nathaniel Dominy's homestead N.  $22\frac{1}{2}$  degrees W. dist. 2.37 chains, also said point A bears from south corner of Isaac B. Miller's house S.  $73\frac{1}{2}$  degrees E. dist. 5.04 chains, and running N.  $7\frac{1}{2}$  degrees E. dist. 3.28 chains to a stake (marked B on the map), then N. 10 degrees E. dist. 17.06 chains to a stake (marked C on the map), then N. 2 degrees W. dist. 5.89 chains to a stake (marked D on the map), then N.  $5\frac{3}{4}$  degrees W. dist. 6.97 chains to a stake (marked E on the map). Point E is the termination of said highway uniting with and running into Three-Mile Harbor highway. (At the cross highway running over Chatfield's hill 10 poles wide.)

And we do further order that the line of said survey be the center of said highway, and that the width of said highway at A be 4.31 chains wide, and at B and from B to C 4 chains and at E 3.60 chains wide. County of Suffolk, Town of East Hampton, ss.:

Whereas application has been made by twelve free-

holders in due form of law to the Commissioners of Highways of the said Town of East-Hampton, as follows, to wit: "We, the undersigned persons, liable to be assessed for highway labor in said town, do hereby make application to you to lay out, define and record a highway from the highway which runneth westward through Wainscott street at a point near the school house at the west end of the village at Wainscott to run northwardly through the highway or common land until it intersects the highway which is the division line between the town of said East Hampton and Southampton.

The said open space being very wide, between the burying ground and mill, we the petitioners request that said Commissioners lay out said highway to the width of five rods, or such width as they in their wisdom may deem expedient."

Now, therefore, we, the undersigned Commissioners of Highways of said Town of East-Hampton, all of said Commissioners having met and deliberated upon the subject of this order and examined the premises, facts and circumstances in this case, and having ascertained that on the 18th day of March, 1698, at a town meeting of the said Town of East-Hampton, "It was ordered by a major vote that there should be a highway for common passing up Wainscott hollow flanking on the west side or end of Wainscott woods clear from Wainscott hollow up to Southampton path;" which is the same highway mentioned in the said application.

We do, therefore, order and determine that the said highway be described and entered of record in the clerk's office of said town, according to a survey which

has been made under our direction, as follows, viz:

Said highway to commence at Sandy Bridge from the highway which runneth westward through Wain-scott street and run through Waincott hollow northward to the highway running between the towns of East Hampton and Southampton. The center of said highway beginning at a point at Sandy Bridge, marked A on the map (from said point A the east door of the mill bears S.  $75\frac{3}{4}$  degrees W. dist. 2.57 chains), running N.  $32\frac{1}{4}$  degrees W. dist. 33.43 chains to B on the map, from thence running N.  $54\frac{1}{2}$  degrees W. dis. 14.60 chains to a point marked C on the map, from thence running N.  $56\frac{1}{2}$  degrees W. dist. 9.28 chains to a point marked D on the map (from point D on a line with the southeast end of Henry Edwards house dist. 1 chain  $6\frac{1}{2}$  links to the south corner of said house), from thence running N.  $50\frac{3}{4}$  degrees W. dist. 8.73 chains to a point marked E on the map, being the termination of said highway, intersecting the highway between the two towns of South and East-Hampton; from said point E the south corner of Jared D. Hedges' house bears N.  $23\frac{1}{2}$  degrees E. dist. 1.88 chains.

And we do hereby order that the width of said highway be five rods at A, and from A to B. From B to C narrowing down to four rods and continuing from C to E four rods wide, the same to remain a highway forever.

County of Suffolk, Town of East Hampton, ss.:

Whereas a certain road or highway in the Town of East-Hampton leading from the country road at the south end of the village towards Georgica has been used as a highway for the last forty years, and constantly used and worked for the last six years by the Overseers of the Highways, but not recorded, now, therefore, we, the Commissioners of Highways of said Town of East-Hampton, all of said Commissioners having been notified to attend and deliberate upon the subject of this order, having heard the proofs and allegations of said witnesses and having examined the facts and circumstances of the case,

Do Order, that the said road or highway shall be ascertained, described and entered of record in the Town Clerk's office, according to a survey which they have caused to be made of the same, be as follows, viz, to wit: The center line of said highway to commence at a point marked A on the map, from said point A to the east corner of Edmund Tillinghast's dwelling house bears S. 46 degrees E. dist. 3 chains, from thence bearing S. 44 degrees W. dist. 4.40 chains to a point marked B on the map, from thence S. 30 degrees W. dist. 24.91 chains to a point marked C on the map, from thence bearing S. 42 degrees W. dist. 1.32 chains to a point marked D on the map, from thence bearing S. 58 degrees W. dist. 16.37 chains to a point marked E on the map, from thence bearing S. 73 degrees W. dist. 16.12 chains to a point marked F

on the map, from thence bearing N.  $77\frac{1}{4}$  degrees W. dist. 14.57 chains to a point marked G on the map, said point G being the end of said survey, which is only a part of the way to Georgica. And we do further order that the line of said survey be the center of said highway and that the width of said highway at A and from A to I be three rods wide dist. 26.02 chains at 2.34 links wide dist. 2.23 chains, at C 40 links wide dist. 1.05 chains, at D and from D to G three rods wide dist. 47.06 chains, said highway to remain a highway forever.

And, whereas the Commissioners of Highways have received a petition in due form of law from twelve Freeholders as follows, to wit:—“The petition of the undersigned Freeholders of the said Town of East Hampton, respectfully show that all that part of the common land in the said Town of East Hampton recently sold by the Trustees of the said Town of East Hampton to Ezekiel Miller and Isaac W. Miller, respectively, which was embraced within the bounds of the highway leading from town street to Georgica is unnecessary for the use of the public as a highway, and they ask that the said highway leading to Georgica be so altered that the southerly boundery of the lands sold by the Trustees to the said Ezekiel Miller and Isaac W. Miller respectively, shall be the northerly margin of the said highway, the same being the line where the said Ezekiel Miller and Isaac W. Miller lately erected their respective fences and boundaries; and that all that part of the said highway or which may heretofore have been regarded as constituting a part of said highway, which was included within the said boundaries, be discontinued as a highway.” Said

petition referring to land situated northerly of the aforesaid described highway between the points E and G on the map of said survey.

We, the Commissioners of Highways, do further order and determine that that part of the highway, or which may heretofore have been regarded as constituting a part of the highway, leading from town street to Georgica, described in the above petition, and being situated between the points E and G on the aforesaid described highway and not included in any other highway, be and is hereby discontinued as a highway, said land being southwardly of the land of Ezekiel Miller and Isaac W. Miller respectively, and northwardly of the aforesaid described highway.

Before the County Judge of Suffolk County, in the matter of the highway at Wainscott Hollow.

Thomas Osborne having appealed to the County Judge of Suffolk County from an order of the Commissioners of Highways of the Town of East-Hampton, dated June 27th, 1863, relative to the highway at Wainscott Hollow, a copy of which order and notice of appeal are hereunto annexed, and the County Judge having assigned the 19th day of August, 1863, on the said highway, as the time and place of hearing the same, and caused notice thereof to be given to the said Commissioners and other parties interested, and having attended at the time and place aforesaid, and been attended by said appellant and by said Commissioners and their counsel, and heard the allegations of the parties.

And it appearing to the County Judge that said order of said Commissioners so appealed from purports to be simply the ascertaining and describing a highway heretofore laid out and that there is no appeal to the County Judge from such an order.

It is ordered that said appeal be and it is hereby dismissed and it is further ordered that said appellant, Thomas Osborne, do pay the County Judge's fees in this matter amounting to eight dollars and twelve cents.

Before the County Judge of Suffolk County, in the matter of the highway leading from the country road at the south end of East-Hampton village towards Georgica.

The Commissioners of Highways of the Town of East-Hampton, having made an order, dated July 15th, 1863, ascertaining and describing and entering of record a portion of said highway and declaring it to be the highway and discontinuing all the remainder of said highway.

And, Noah Barnes having appealed to the County Judge from said order, which notice of appeal is hereunto annexed. And the said Judge having assigned the 20th day of August, 1863, on the said highway, as the time and place of hearing the same, and caused notice thereof to be given to the said Commissioners and to all parties interested, and having attended at the time and place aforesaid, and been attended by said appellant and by said Commissioners and their counsel, and heard the proofs and allegations of the parties; and it appearing to the County Judge that the whole order taken together is in effect the reducing of the width of a vacant piece of ground conceded to be a highway, and that the chief object in said reducing and locating was to enable the Trustees of the town to give title to the piece of land discontinued as a highway.

And it further appearing that said reduction renders the track reserved for a highway crooked, whereas the track generally heretofore used from time immemorial was straight and that said described track is narrow and in other respects inconvenient for the

use of the persons travelling the said highway, and unsatisfactory to the neighboring residents.

It is therefore ordered that said order of the Commissioners, and the whole thereof be and the same is hereby reversed; and it is further ordered that said Commissioners do pay the County Judge's fees on this hearing, amounting to eight dollars and twelve cents.

place of beginning and the center line running thence north eighty-six degrees east (N. 86 degrees E.), three chains and ninety-one links (3 chains 91 links) to a stone placed in the center of the highway, which is there six and a half rods in width; thence north eighty degrees east (N. 80 degrees E.) fifteen chains and nine links (15 chains 9 links) to a stone placed in the center of the highway, which is continued of the same width of six and a half rods; thence north eighty-six and a half degrees, east (N. 86½ degrees E.) eight chains and fifty-four links (8 chains 54 links), to a stone placed in the center of the highway, between the lands of the heirs of Edward M. Baker, deceased, and of the afore-said Edward Baker, to which last mentioned stone the highway is continued of the same width of six and a half rods.

At a meeting of the commissioners of highways of the towns of East-Hampton and Southampton, in said county of Suffolk, held in the said town of Southampton on this ninth day of November, 1863, it appearing that the highway upon the line between the two said towns leading from highwater mark on the shore of the Atlantic ocean to the main country road leading from Bridge-Hampton to East-Hampton and now used as a highway, was laid out but not sufficiently described on the 25th day of June, 1695, as will appear from a record made thereof in the "Liber A, No. 2," page 170, of Southampton town records and from a record made thereof in "Liber A, page 128," of East-Hampton town records, which said records are both in words and figures identical and are as follows: "It is also agreed upon by us above named in behalf of each town, that there shall be a highway from the stake at the beach to ye above said pine tree on the north side of the Island, and East-Hampton leaving out to the eastward of the above bounds or line one pole wide of land from ye said stake at the beach to ye above said pine tree, and Southampton to leave out one pole wide of land from ye stake to ye above said pine tree to the westward of the said bounds or line, and that to lye for a highway forever."

Now, therefore, we, the undersigned, commissioners of highways of said towns, do order that, that part of said road hereinbefore described as extending from the ocean to the main country road, be ascertained, described, and entered of record in the Town Clerk's offices of the said towns of East-Hampton and South-

ampton according to a survey which has been made under our direction, as follows:

Commencing at a stake at highwater mark on the south beach (marked A on the map) and running across the beach and Wainscott plain on the line of an old ditch heretofore known as the line on a course N. 35 degrees 20 minutes W. 30 chains and 73 links to a stake near the house of Hermon Strong (marked 1 on the map); then on the same course 15 chains and 33 links to a stake in the center of the lane opposite the south end of Harvey Hedges' bars (marked B on the map); thence on a course N. 29 degrees 45 minutes W. 44 chains 90 links to a stake in the lane (on a line with the front of James Strong's barn, distant from the east corner of said barn 98 links) (marked C on the map); thence N. 25 degrees 15 minutes W. 17 chains 55 links to a stake (marked D on the map); thence N. 30 degrees W. 16 chains 43 links to a stake opposite to the northwest end of the Wainscott hollow highway (marked E on the map); thence N. 32 degrees 15 minutes W. 6 chains and 22 links to a stake (marked F on the map); thence N. 32 degrees W. 6 chains and 98 links to a stone said to occupy the former place of a white oak tree, which stone is one rod from the corner of Levi Hedges' land and marks an angle in the boundaries of the towns of East-Hampton and South-ampton (marked G on the map), which said survey follows the line between the two towns aforesaid.

And we do further order that the line of said survey be the center of said road, and that the said road

Addition to "Country Road" Highway.

Whereas certain citizens of the Town of East-Hampton, to wit, Thomas D. Barnes, George Hedges and others, to the number of thirteen, as appears by the petition filed herewith, have requested the Commissioners of Highways of said Town to make such alteration in the highway known as the "Country Road" at a place called "Jericho Hill," by extending the south line of said highway so as to incorporate ground more convenient for the public use as highway, reference to said petition being had as may more fully appear,

Now, Therefore, we, the Commissioners of Highways of the Town of East-Hampton, all of said Commissioners having been duly notified to attend and deliberate upon the subject of this order,

Do Order, that the south line of said "Country Road" highway running to and over "Jericho Hill," be altered so as to conform to a survey which we have caused to be made of the same, which is hereto annexed, and form a part of this order, and is described as follows, to wit: The south line of the alteration (the red line) beginning at a certain granite post or stone (A) fixed in the ground at the point where the south line of the said "Country Road" highway is intersected by the north line of the highway running along by the north side of the land late of Timothy Hedges, deceased, and running thence S. 80 deg. W. 7.29 ch. to and over "Jericho Hill" to a certain stake (B); then S.  $61\frac{1}{2}$  deg. W. 7.45 ch. to the north corner of the land late of Timothy Hedges, now of George Hedges, where the new line strikes or falls into the south line of said "Country Road" highway as heretofore defined and recorded (C).

And we do further order, that all the lands lying between the old line of said "Country Road" highway and the new line as above described, be incorporated with and become a part of said highway (Country Road).

Whereas it appears by the records of the Town of East-Hampton, that in the year 1695, it was agreed by the proper authorities of the Towns of East-Hampton and Southampton, acting jointly, that there should be an highway one rod in width on each side of the line, between the said Towns through its whole length from a certain stake, at the south end near the ocean, to a certain pine tree on the north side of the Island.

And, whereas, by an instrument under their hands bearing date the 9th day of November, 1863, the then Commissioners of Highways of said Towns did order that all that part of said highway extending from the ocean to the country road be ascertained, described

and entered of record in their respective Town Clerk's offices. according to a survey, etc.

And, whereas said survey is missing from the office of East-Hampton, some of the monuments referred to have been removed, and in general the outside boundaries of said highway were not sufficiently marked by permanent and suitable monuments. Now, therefore, we, the Commissioners of Highways of said Towns, having met at the house of Herman Strong, all of said Commissioners having been duly notified to attend and deliberate upon the subject of this order, Do Order, that, that part of said highway between the two Towns embraced in the order of Nov. 9, 1863, be ascertained, described and entered of record in the Clerk's office of both of said Towns, according to a re-survey which we have caused to be made of the same, as follows, to wit: Commencing at the ocean at high-water mark, and (the red line on the map, and the centre line of the highway) running N.  $35\frac{1}{2}$  deg. W. over the south beach to a stake (A on the map) which stands opposite to the south ends of the improved up-lands; then on the same course 25 ch. along the former line of an ancient ditch to a stake (2 on the map) nearly opposite to the south line of "Davis Lane" highway, from which the southwest corner of Herman Strong's house bears N.  $47\frac{1}{2}$  deg. E. dist.  $1.05\frac{1}{2}$  ch.; then on the same course 15.33 ch. to a stake (B on the map) in the centre of the lane opposite to the south end of the old bars of land formerly of Henry Hedges. The whole length of the line A B being 40.33 ch. Then N.  $30\frac{1}{4}$  deg. W. 9.60 ch. to a point opposite to the south line of the Wainscott road and on the same course 7.68 ch. to a point opposite to the north line of Hedges' lane highway, and then on the same course

Whereas on the second day of December, 1893, we, the undersigned, John Sherry, Elisha O. Hedges and Henry A. Fordham, all of the Town of Southampton, County of Suffolk and State of New York, were ap-

pointed by the County Court of Suffolk County, Commissioners to determine upon the uselessness of a highway in the Town of East-Hampton, in said County, proposed to be discontinued, which highway is in the order appointing described as follows:

"The highway at Wainscott in the said Town, running from the highway leading from Sagaponack to East-Hampton to the highway running from the Main country road to East-Hampton; such highway is bounded on one side by land of School District No. 2, in said Town of East-Hampton, and on the other side by the cemetery or common lands of the Town of East-Hampton," and to assess the damages by reason of the discontinuance of such highway;

And whereas, before proceeding to act under the said order, we each took the constitutional oath of office and thereafter appointed the 10th day of April, 1894, at two o'clock in the afternoon, at the residence of Frank E. Hopping, at Wainscott, in the said Town of East-Hampton, as the time and place at which we would all meet for the purpose aforesaid, and to examine the said highway and to hear the Commissioners of Highways of the said Town of East-Hampton and all others interested in the proceeding;

And whereas due notice of said meeting was given as required by law, at least eight days previous thereto, by posting such notice in three public places in the said Town of East-Hampton and by serving the same on the owners and occupants of the land through which the said road passes and on the Commissioners of Highways of the said Town of East-Hampton;

And whereas we all met at the time and place aforesaid, and were attended by the applicant for the said

road, and by William A. Hedges, John S. Penny and Everett W. Babcock, Commissioners of Highways of the said Town, and we personally examined the said highway and heard the reasons offered for discontinuing said highway and the testimony offered for the same (no reasons or testimony having been offered against the same), and reduced to writing all such evidence given before us, now we the said Commissioners, do decide and certify, that the said highway proposed to be discontinued is useless and we assess the damages to each of the following parties by reason of such discontinuance at nothing, namely, the Town of East-Hampton, the Trustees of the Freeholders and Commonalty of the Town of East-Hampton and School District No. 2 of the Town of East-Hampton and the Wainscott Cemetery Association.

In witness whereof we have hereunto and to a duplicate hereof set our hands the 17th day of April, 1894.

Application to us, the Commissioners of Highways of the Town of East-Hampton in Suffolk County, for permission to plant or allow to remain, a line of shade trees upon the Main street of the Town of East-Hampton, at a greater distance from the outside line of the highway than is usually laid down as proper and right, having been made, and we having been upon the ground and made an examination into the reasonableness of the request, do hereby allow that in consideration of the shape of the ground in front of the premises of C. P. B. Jefferys, trees may be set and remain upon the outside of the bank adjoining Town Pond and near the edge of the bank, in conformity with a plot to be filed in the Town Clerk's office at the same time as this order, the trees to be upon the curve of the bank, at distances from the outside line of the highway varying from  $35\frac{1}{4}$  feet to 54 feet, as shown on said plot or map.

We believe that by this order the beauty and usefulness of the highway will be added to and the safety of the traveling public enhanced.

At a meeting of the Commissioners of Highways of the Town of East-Hampton, in the County of Suffolk and State of New York, on the 28th day of September, 1894, for the purpose of deliberating on the propriety of altering a highway in said Town called Huntting Avenue or Lane, upon the application of Emma D. Woodhouse, a person liable to be assessed for highway labor in said town, and a release from the owner of the land through which the proposed alteration will pass, having been given, it is ordered and determined that a highway shall be and the same is hereby laid out and altered and the record thereof amended to conform to the following survey which we have caused to be made of the same, beginning at a point in the center of said Huntting Lane highway upon the line which divides the property of Mary H. Parsons from the land of said Emma D. Woodhouse, and running thence (magnetic meridian) S.  $74\frac{1}{2}$  deg. E. about 435 feet to what is known as Station 3 of record of Huntting Avenue highway, dated Jan. 10, 1894.

This alteration will remove Station No. 2 of record  $172\frac{1}{2}$  feet nearer to Main street and will encroach upon the land of Emma D. Woodhouse, which lies north of said highway, as follows: Beginning with nothing at the point opposite the place of starting and uniformly widening to  $9\frac{1}{4}$  feet opposite station No. 2 of record, thence gradually and uniformly narrowing to nothing at a point opposite Station No. 3, said land having been formally released to the Town for highway.

And we do further order that the line of survey

shall be the center of said highway as altered and that the width shall be fifty feet, and that all portions of the highway as heretofore recorded, not included in the foregoing description be and the same are hereby discontinued.

At a meeting of the Commissioners of Highways of the Town of East-Hampton, in the County of Suffolk and State of New York, held at the house of William A. Hedges, in said Town, on the 18th day of March, 1895, all of said Commissioners having been notified to attend and deliberate upon the subject of this order for the laying out and alteration of a certain highway in said Town, commonly known as the highway in the Hook.

It is hereby ordered, determined and certified that a public highway shall be and the same is hereby altered and the record thereof amended as follows:

Whereas, the Commissioners of Highways of this Town did on the 8th day of May, 1871, sign and execute an order defining the highways in the Hook,

which order was duly recorded on the 31st day of July, 1871;

And whereas in said order the following described portion of the open or common land adjoining the north end of the cemetery was not included as highway but was excepted therefrom, and by the map filed at this time was described as an addition to said cemetery, said parcel of land being described on said map as beginning at the northwest corner of said cemetery and running N. 27 deg. E. 1.50 chains to 2; thence S.  $65\frac{3}{4}$  deg. E. 2.03 chains to 3; thence S.  $23\frac{1}{4}$  deg. W. 1.50 chains to the southeast corner of said cemetery, and thence following a line parallel with the course described as S.  $65\frac{3}{4}$  deg. E. to the point or place of beginning, 203 chains more or less.

The present measurements and descriptions with compass set for magnetic meridian are as follows:

Beginning at northwest corner of said cemetery and running N. 36 deg. E. 99 feet; thence S. 56 deg. 40 min. E.  $132\frac{1}{2}$  feet; thence S. 32 deg. 50 min. W. 99 feet to southeast corner of cemetery, and thence N. 57 deg. W.  $139\frac{1}{2}$  feet to point or place of beginning.

Now, therefore, the said Commissioners, in consideration of the fact that said described plot of land has never been used for cemetery purposes, but has for the past twenty years and more been used for highway purposes, and it being, in our judgment, necessary that it continue to be so used, and in pursuance of our powers as Commissioners, we do hereby order and direct that it be and remain a public highway forever, and that a record thereof be made in

the Town Clerk's office of such alteration and addition as hereinbefore described.

Town Clerk.

East-Hampton, Nov. 12, 1901.

This is to certify that I have myself compared the manuscript for this fifth volume of Town Records with the original manuscript records in my office, and that it is a true and correct and also a complete copy of all records of town meetings and highways recorded in the Town Clerk's office, of the Town of East-Hampton, from the year 1849, where the printed copy ceases, to the 31st day of December, 1900.

JOSEPH S. OSBORNE,  
Town Clerk.

## NOTE BY COMMITTEE.

Nov. 15, 1901.

The Church Record has never been published before in a single volume, but from its nature and value it has seemed well to have it done, and a resolution of our Town Meeting, held in April, 1901, authorized the printing of the same in conjunction with a portion of the Town Records.

Great care has been exercised in the preparation of the copy from the original, and it is very correct, although in a few instances a name could not be positively deciphered.

It is believed that this publication will be well received, as it contains much data which is being constantly sought, and is all that there is to be obtained from any old records in the Town. While it is not as complete as could be wished it is as full as the original recorders made their entries.

The reverend Nathaniel Hunting came from Boston to East-Hampton in the capacity of a preacher, September, 1696. He was ordained September 13th, 1699; he departed life September 21st, 1753; he was minister in the town 54 years:

He married Mary Green of Boston. They had six children, Nathaniel, Edward, Samuel, Jonathan, Mary and John.

Nathaniel married Mary Hedges and had three sons, Nathaniel, William and Joseph.

Edward married Mercy Mulford and had Edward, Isaac, Mercy and Mehitabel.

Samuel married Mary Gardiner; his second wife was Mary Rhodes, their children were Benjamin, Samuel, Abigail, Mary, Zer-viah and Joice.

Jonathan married Esther Mulford, had Matthew and Jonathan.

Mary married Joseph Goit of New London.

John married the widow Clemence Conkling, daughter of Samuel Parsons, who married Phebe Ludlum.

The widow Clemence Conkling had one daughter by her first marriage and nine by her second. Jane Conkling, who married Simon Conkling.

Elizabeth married Burnet Miller.

Ruth married Jeremiah Miller.

Mary married David Osborn.

Phebe married David Mulford, after his decease William Rysam.

Clemence married Jacob Sherry.

Lucretia married Ananias Miller.

Temperance married Eleazer Conkling.

Jerusha married Daniel Hedges.

Esther married Thomas Chatfield.

Mr. Hunting's grandfather came from England to Massachusetts in 1636. He was ordained the elder in the church at Dedham at the time Mr. Allen was ordained pastor of that church. Elder Hunting had a brother and brother-in-law in England who were ministers. He was cousin of the famous John Rogers of Dedham in England.

Mr. Hunting graduated at Harvard, 1693. Three of his sons had a liberal education. Nathaniel and Jonathan studied divinity and became preachers but were obliged to desist from preaching on account of their health.

Jonathan died 1750, aged 36; Nathaniel in 1770, aged 68; Edward was a physician and died in 1745, aged 42.

John was a farmer and settled in East-Hampton.

Samuel was a merchant and settled in Southampton.

 1724-5 Feb. 14. Mordecai Holman & his wife.

That these 2 last owned covt. a little before the woman was to  
 lye in & expected if she had a living child it shd be baptised with-  
 out any th farther said to them; therefore I used these words in the  
 close of what I sd to ym: If God shall increase your family &  
 give you posterity you promise to bring up the same in ye nurture  
 & admonition of the Lord.

\* Some others did so before, tho I cannot tell whether I used  
 exactly ye same words to ym as to ye increase of yr family as to  
 these, but shall use ym for ye future.

                     and pious woman. She was the last surviving  
                     person that was a member of the Church under  
                     the Reverend Mr. Huntting. She died four Days  
                     only before the Reverend Dr. S. Buell.  
           On the 19th Day of July, 1798, Died, much regretted,  
           the Reverend & Venerable Samuel Buell, D. D.,  
           who was born at Coventry, in Connecticut, Sept.  
           1, 1716, and died in the 82nd Year of his age and  
           in the 57th of his ministry. He was installed  
           Sept. 19, 1746, as the Pastor of the people in this  
           place. He caintinued regularly as their minister  
           till his death. On the Sabbath but one before his  
           Death he preached from John 17th, 3d, "Instead  
           of fearing he longed for the hour of Dissolution."  
           Thursday, July 19th, at about 1 o'clock P. M., he  
           obtained his release from the cares & sorrows of  
           mortality and *entered*, as we have the fullest rea-

son to believe, *into the Joy of his Lord*. His funeral was attended the next day by the neighboring ministers, his own congregation, and a large concourse of people from the adjacent towns, with the most "Solemn Decency & Respect."

"Leaves have their time to fall,

And flowers to wither at the north winds breath,

And stars to set—but all,

Thou hast all reasons for thine own, oh Death.

Youth and the opening rose

May look like things to glorious to decay,

And smile at thee—but thou are not of those

That wait the ripened bloom to seize their prey.

We know when moons shall wane,

When Autumns hue shall tinge the golden grain,

But who shall teach us when to look for thee—

Is it when Springs first gale

Comes forth to whisper where the violets lie?

Is it when roses in our paths grow pale?

They have one season—all are ours to die."

"It is a serious and unfortunate error of people in general to suppose that events familiarized to themselves by fireside repetition will be uninteresting to others and that efforts to preserve them will be considered as either trifling or arrogant."

This world is a wilderness of woe,

This world is not our home,

In the midst of life we are in death.

Jerusha Buell,

Easthampton, February 21st, 1814.

The loss of our friends and companions impresses hourly upon us. The necessity of our own departure; we know that the schemes of man are quickly at an end, that we must soon lie down in the grave, with the forgotten multitudes of former ages, and yield our place to

others, who, like us, shall be driven awhile by hope and fear, about the surface of the earth, and then like us, be lost in the shades of death.

It is not from this world that any ray of comfort can proceed to cheer the gloom of the last hour. But futurity has still its prospects; there is yet happiness in reserve, which if we transfer our attention to it, will support us in the pains of disease and the languor of decay. This happiness we may expect with confidence because it is out of the power of chance and may be attained by all that sincerely desire and earnestly pursue it. On this, therefore, every mind ought finally to rest.

Hope is the chief blessing, of man, and that hope only is rational, of which we are certain that it cannot deceive us.

“Death to a Saint is everlasting gain.”

Jerusha Buell, daughter of the Reverend Dr. Samuel Buell, Deceased, departed this life September 29, 1829, in the 41 year of her age. In recording her death, it is proper to remark that in the latter part of her sickness, she was peculiarly favored with the comforting, joyified presence of the Great Shepherd of his people. While wasting under the ravages of a disease which she was sensible would terminate her earthly career, she experienced that blessed tranquility of mind which flows from the enjoyment of the divine favor of love. Numerous were the expressions of triumph & joy which fell from her lips in her last days. The consideration that “the Lord reigneth” was a source of unspeakable consolation to her soul. She rejoiced to obey the will of her heavenly Father. The closing scene of her life was one in which christian fortitude rose superior to the sufferings of body & the agonies of dissolving nature. Christian faith triumphed over the power of death & the grave & Christian hope cheered the immortal Spirit, when it took its flight, as we have reason to believe, to the mansions of everlasting rest & glory.

The surviving parent of the deceased has abundant cause to bless the Lord for his goodness. Though the memory of your departed daughter may often bring the tear of grief into your eyes, let the spirit of resignation reign in your heart and the voice of praise dwell upon your tongue. May he who has promised to be the Widow's God be your guide & Comforter. In the decline of life may you experience the consolations of Divine Grace & May the hour of your death be cheered with the hope of a blessed & glorious immortality.

“The Grave of the Year.”

(Written for the 31st of December.)

“Be composed ev'ry toil and each turbulent motion  
That encircles the heart in lifes treacherous snares  
And the hour that invites to the calm of devotion

Undisturbed by regrets—unincumbered with cares  
How cheerless the late blooming face of creation  
Weary time seems to pause in his rapid career  
And fatigued with the work of his own desolation  
Looks behind with a smile on the grave of the year.  
Hark the wind whistles rudely—the shadows are closing  
That enwrap his broad path in the mantle of night  
While pleasure's gay sons are in quiet reposing  
Undismayed at the wrecks that have numbered his flight:  
From the temple where pashions bright tapers are lighted  
Her vot'ries in crowds, decked with garlands appear  
And as yet their warm hopes by no spectres affrighted  
Assemble to dance round the grave of the year.  
Oh! I hate the stale cup which the idlers have tasted  
When I think on the ills of lifes comfortless day  
How the flowers of my childhood their verdure have wasted  
And the friends of my youth have been stolen away  
They think not how fruitless the warmest endeavour  
To recall the kind moments neglected, when near  
When the hours that oblivion has cancelled forever  
Are interred by her hand—in the grave of the year.  
Since the last solemn reign of this day of reflection  
What throngs have relinquished lifes perishing breath  
How many have shed the last tear of dejection;  
And closed the dim eye, on the darkness of death!  
How many have sudden their pilgrimage ended  
Beneath the low path that envelopes their bier:  
Or to Deaths lonesome valley have gently descended  
And made their cold beds with the grave of the year.  
'Tis the year that so late, its new beauties disclosing,  
Rose bright on the happy, the careless, 'and gay,  
Who now on their pillow of dust are reposing,  
Where the sod presses damp on their bosoms of clay.  
Then talk not of bliss while our smiles are expiring,  
Disappointment still drowns it in misery's tear:  
Reflect and be wise; for the day is retiring,  
And tomorrow will dawn on the grave of the year.  
Yet awhile, and around us no seasons will flourish,  
But silence for each her dark mansion prepare,  
Where beauty no longer her roses shall nourish  
Nor the lily o'er spread the wan check of despair,  
But the eye, shall with lustre unfading be brightened  
When it wakes to true bliss, in yon orient sphere;

By sun beams in splendour immortal enlighten'd,  
Which no more shall go down on the grave of a year."
